

Meter Skids— *Fabrication Facility in Caldwell, Texas*

Project Overview

Evers and Sons Inc. provided skid fabrication and assembly and managed each stage from design to delivery. This project scope included SolidWorks modeling, isometric drafting, and procurement of all necessary materials such as structural steel, piping, valves, instrumentation, and controls. Our team completed structural and pipe fabrication, NDE services, hydro testing, painting, assembly, and full QA/QC inspections. Components fabricated for these meter skid packages included meter skids, skid-mounted launchers and receivers, pipe rack modules, manifold skids, and other process equipment.

Scope of Work:

- SolidWorks modeling and isometric drafting
- Procurement of structural steel, pipe, valves, fittings, electrical components, instrumentation, and controls.
- Structural Steel and Pipe fabrication
- NDE Services
- Hydro testing
- Painting
- Assembly
- QA/QC inspection
- Logistics
