

Pipe Fabrication— *Fabrication Facility in Caldwell, Texas*

Project Overview

Evers and Sons Inc. provided pipe fabrication services, including procurement, carbon and stainless-steel fabrication, NDE, hydro testing, and PWHT. Our team delivered complete QA/QC documentation packages with every job, including weld maps, test reports, and material traceability records. Fabricated components included interconnecting pipe spools, launchers, receivers, main line valve assemblies, firetubes, and bridles. We worked closely with client engineering and operations teams to incorporate real-time revisions throughout the fabrication process.

Scope of Work for Pipe Spool Package:

- Procurement
- Carbon and Stainless-Steel Fabrication
- NDE Services
- Hydro Testing
- PWHT
- QAQC inspections
- Turnkey Job Books: WPS, Welder Certs, MTR's, Weld Log Tracker, Heat Map, Weld Map, Hydro Test Packs, Coating Reports, etc.
- Logistics

Components Fabricated:

- 1,682 Interconnect Pipe Spools
